want to see a cool
resume or the plain old one?

click
→ yeah! I'm cool

wait, I'm busy

Creator:

Priyav K Kaneria

but, who is priyav?

- A. a final year undergraduate studying computer science in NIT Allahabad
- B. a engineer who has industry level experience in developing "full stack" web applications
lol
- C. a 21yr old boy who looks like he is in school?
- D. a kind and responsible person whom you can trust
- E. all of the above

What does he do all day?

- Mostly just thinking
- Developing side projects
- Working as Intern
- College
- Exercise (Depends 😅)

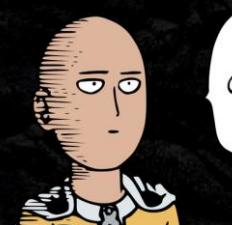

Remaining time - Youtube & Anime

DEV

OK

studies

10th

Kokilaben Dhirubhai Ambani Vidyamandir
CBSE - 95.4%

12th

Kokilaben Dhirubhai Ambani Vidyamandir
CBSE - 93.6%

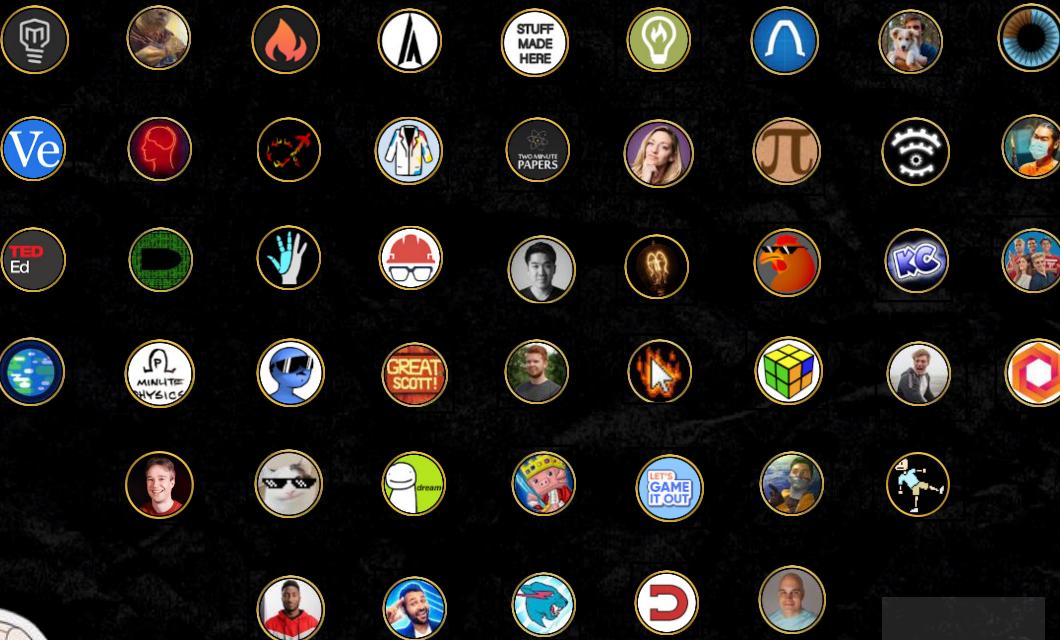

2024

B. Tech - Computer Science & Engineering

Motilal Nehru National Institute of Technology
CGPA - 9

youtube?

my actual source of general knowledge. don't know how it's relevant for a resume but they are my inspiration for everything knowledge

and many many more...

experience

may 2023 - july 2023

Oracle ([link](#))

Project Intern

- Oracle fusion applications ERP - financials general ledger data analysis
- Docker test suite deployment, monitoring and debugging dependencies

jul 2022 - present

PureML Inc. ([link](#))

Full Stack Software Developer Intern

- designed and optimized schema for the application
- built complete backend application compatible for CLI and web in FastAPI, Nodejs & Golang

may 2020 - jun 2022

Aztlan Pvt. Ltd.

Full Stack Software Developer Intern

- developed 4 products backend (FastAPI, PostgreSQL) & frontend (NextJs, Svelte, Tailwind CSS).
- delivered 3 products as Product lead servicing clients managing devOps & frontend-backend Hosting.
- designed database schema, built APIs & integrated with frontend.
- hired potential candidates for frontend team of this startup.

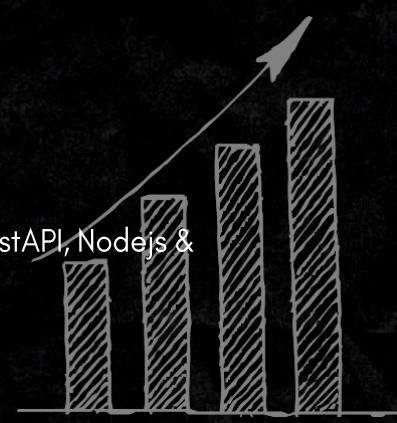

may 2021-aug 2021

SYMB Technologies ([link](#))

Web Developer Intern

- developed a skill testing platform, Skillpad website using NextJs & NodeJs
- programmed & optimized web scrapper to collect detailed & formatted Properties' data of particular location

technical skills aside.. let's talk about other practical skills!

- a decent experience in electronics & IoT from childhood
- can cook all kinds of Indian food (gujarati food best) with mom or dad telling me what to do 😊
- can play all sports (below avg)
- can make games in Unity oooh! again technical stuff
- am black belt in karate! not kidding! seriously
- can swim not sure why mention this. but why not
- dance pretty good
- believe in actual engineering rather than factual
- can do literally anything in Ms Powerpoint

to know more about my technical skills [stalk me on GitHub](#) or [check this out!](#)

projects

Avishkar 2022 ([link](#))

official website for Avishkar 2022, annual tech fest MNNIT Allahabad. Decided and built a game event registration platform with campus map and lots of cool features

Rannect ([link](#))

a location-based online web chat app that helps people socialize and make connections with people all around the world. Made using PETAL framework learnt in 2 months

Gesto ([link](#))

custom hand gesture training and recognition application for localized sign languages.
Cisco thingqimator Cohort 5 Startup track project
Google India Startup bootcamp university edition
(First)Class of 2022

Collabrush ([link](#))

we have Figma for UI collaboration, MS Paint for painting images, But nothing to paint with collaboration. So we made collabrush - Winner Webster 2022

HopeChain ([link](#))

A decentralized donations management platform to tackle the world's most intimidating disasters by providing funds quickly and transparently

and many more...

tools used

& significant libraries

frontend technologies

- react
- alpine
- tailwind
- jinja
- framer
- phoenix
- gsap
- next
- remix

backend & Db tech.

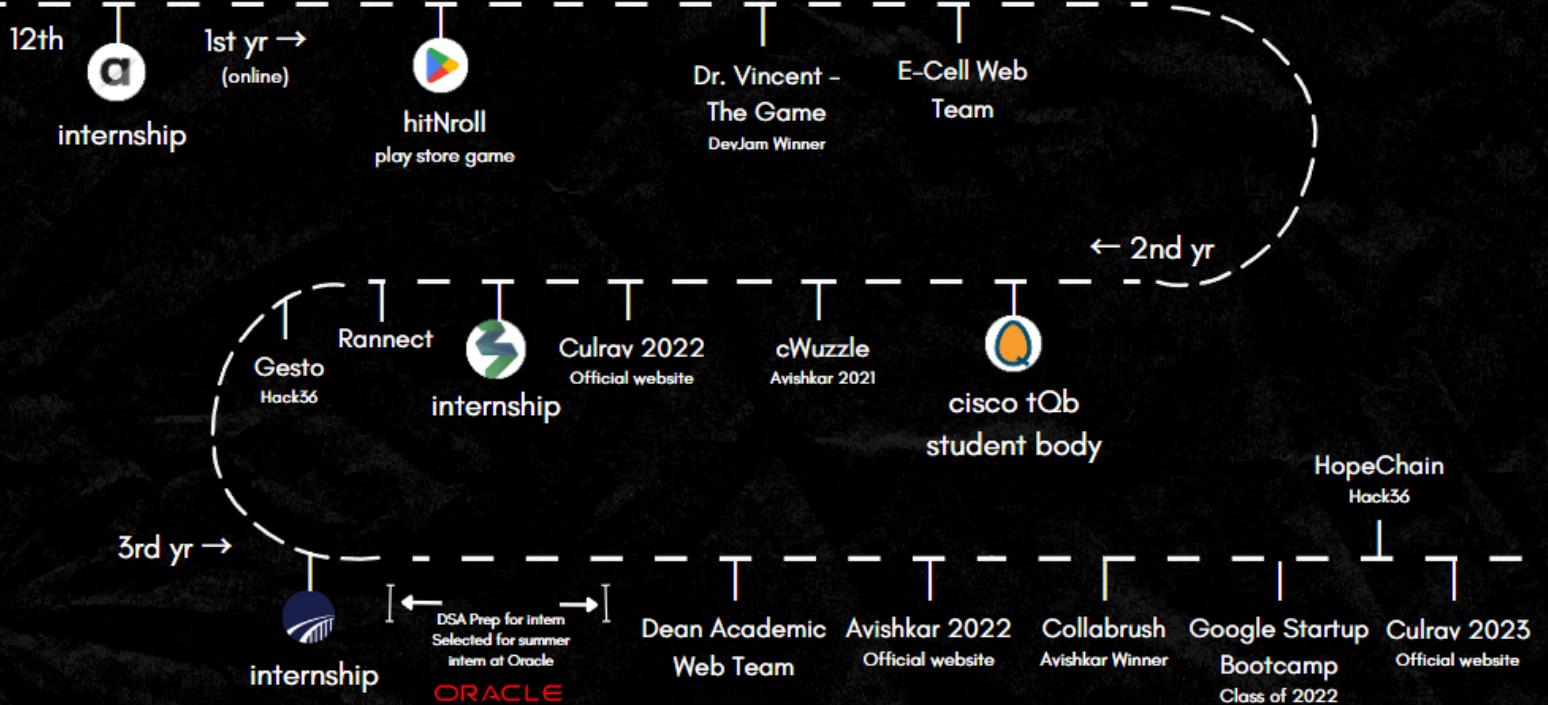

- nodejs
- django
- fastapi
- flask
- echo
- liveview
- mysql
- firebase
- psql
- arangodb
- supabase
- solidity

dev-ops & others

- docker
- gh actions
- redis
- caddy
- pusher
- rabbitmq

college timeline

multitasking?

positions of responsibility

- Web system administrator, Dean Academics MNNIT (D.A.W.T)
- Computer Club **chapter lead - dev**
- Cisco thingqbator student body
- Entrepreneurship-cell web team
- Culrav (cultural fest) web team
- Avishkar (tech fest) web team
- mentor, Student Mentorship Program
